INTERNATIONAL Master/ Ph.D./ Post Doc./ Faculty EXCHANGE PROGRAM (2013-2018)

Centre de Recherche Astrophysique de Lyon, University Lyon 1- France and
Indian Institute of Science, India

The University Claude Bernard Lyon-1 (UCBL1), Lyon, France, in cooperation with the Indian Institute of Science (IISc), Bangalore, India offers an opportunity of exchanges at Master, Ph.D., Post Doc. and Faculty levels in the field of Astronomy and Astrophysics. IISc is a renowned institute in the field of Astronomy and Astrophysics in India and is involved in major international projects like LIGO, SKA, LHC etc. CRAL (UCBL1, CNRS, ENS de Lyon) is a renowned laboratory leading research in extragalactic astronomy, cosmology and theoretical astrophysics. It is a major partner in European projects like MUSE/VLT, 4MOST/VISTA, HARMONI/EELT, JWST, etc. Both institutes provide a visibility of high-excellence research with well equipped laboratories and many national facilities housed within the campus. The collaborating institutes host regular visitors from France and India and organise major national and international academic events. Applications are invited from Master, Ph.D., Post Doc., and Faculties under this Exchange program to carry out short-term training and research collaboration. Financial aid is available via various short term visitors funding schemes to support the stay of students and researchers for a couple of months.
